APT FLOW CONTROL

PRODUCT LINE CARD

VALVES

- Ball Valves
- Butterfly Valves

- Steam Jackets

- Cast Steel Check Valves
- Alloy Check Valves
- Sanitary Check Valves

- Butterfly Valves

- Thermoplastic Valves & Fittings

- Cast Steel Valves

- Forged Steel Valves
- Cast Steel Valves

- Ball Valves

- Forged Steel Valves

- Butterfly Valves
- Sampling Valves

- Strainers

- Steam Traps
- Pressure Reduction Valves

- Butterfly Valves

- Ball Valves

- Forged Steel Valves
- Cast Steel Valves
- Alloy Valves

- Forged Steel Valves
- Cast Steel Valves
- Alloy Valves

- Ball Valves

- Camtite Ball Valves
- Fabri Knife Gate Valves
- Diaflo Diaphragm Valves

- Cast Steel Valves
- Alloy Valves

- Ball Valves
- Butterfly Valves
- Sampling Valves
- Thermoplastic Valves & Fittings

- Diaphragm Valves

- Thermoplastic Valves & Fittings

- Ball Valves

- Ball Valves
- Needle Valves

- Ball Valves
- Butterfly Valves
- Jacketed Valves
- Non-Lubricated Plug Valves

- Butterfly Valves

- Butterfly Valves

- Butterfly Valves

- Ball Valves
- Knife Gate Valves

- Ball Valves

- Ball Valves
- Control Valves
- Butterfly Valves
- Plug Valves

- Strainers

- Butterfly Valves
- Ball Valves

- Ball Valves

- Diaphragm Valves
- Sanitary Ball Valves

- Ball Valves
- Butterfly Valves
- Diaphragm Valves
- Sampling Valves

- Forged Steel Valves
- Cast Steel Valves
- Alloy Valves

AWWA VALVES

- Butterfly Valves
- Gate Valves
- Plug Valves
- Check Valves
- Air Valves

Crispin Valves meet or exceed ANSI/AWWA C504 Standards

ACTUATORS

LIMIT SWITCHES & POSITIONERS

SOLENOID VALVES

THERMOMETERS

PRESSURE GAUGES

THERMOCOUPLES & RTD'S

THERMOWELLS

DIAPHRAGM SEALS

TUBE FITTINGS

ENGINEERED PIPING

CUSTOM MACHINING AND MOUNTING KITS

APT provides custom mounting kits for valves, actuators, limit switches, and positioners. As well as custom length stem extensions. With multiple CNC machines (vertical mill, lathe, plasma cutter, etc.) that are capable of producing precise parts from Carbon Steel, Stainless Steel, Aluminum and other exotic materials such as Hastelloy and Zeron 100.

APT also has the capability to assemble and test valve packages in house to ensure the package is fully operational upon delivery. From "one-off" parts to full scale production type jobs, APT is here for all of your custom machining needs. For more information on APT's machining capabilities, give us a call.

ACID PIPING TECHNOLOGY ALSO PROVIDES

- Carbon Steel Pipe & Fittings
- Stainless Steel Pipe & Fittings
- High Alloy Pipe & Fittings
- PVC / CPVC Pipe
- Apollo® Smart Press Fittings
- Regulators
- Expansion Joints
- Flanged Pipe Fastening Kits
- PTFE Lined Pipe & Fittings
- ASC Damper Valves
- Stainless Steel Braided Hoses
- Gaskets (Full Face, Step Ring, Spiral Wound, etc.)
- Transducers
- RFL's
- Loading Arms
